**PETITIONING THE COURT**

To incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on December 20, 2022.

On November 28, 2022, supervised release conditions were reviewed and signed by Mr. Mirelez acknowledging an understanding of his conditions.

The probation officer believes that the offender has violated the following conditions of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
4	<b><u>Special Condition #16:</u></b> Defendant shall abstain from the use of illegal controlled substances, and shall submit to testing, as directed by the supervising officer (which may include urinalysis or sweat patch), as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** Mr. Mirelez is alleged to have violated his conditions of supervised release by consuming tetrahydrocannabinol (THC), on or about December 22, 2022.

On December 22, 2022, this officer conducted a field contact with Mr. Mirelez at Merit Resource Services (Merit) in Yakima, Washington, as Mr. Mirelez was there to provide a colorline urinalysis (UA) test. While there, this officer informed Mr. Mirelez that he had received a phone call from staff at Merit stating that Mr. Mirelez' UA had tested positive for THC, and Mr. Mirelez was refusing to sign an admission form, allowing Merit staff to send the UA to a laboratory for testing.

Mr. Mirelez informed this officer that he was refusing to sign the admission form because he had not consumed THC since his last colorline UA. This officer reminded Mr. Mirelez that Merit could not send the UA to the laboratory to check for THC levels or new usage if he did not sign the admission form. Mr. Mirelez eventually signed the admission form, with a comment stating he did not consume THC but he approved the UA to be sent to the laboratory.

On January 3, 2023, this officer spoke to Mr. Mirelez to verify the last time he consumed THC. Mr. Mirelez said the last time he consumed THC was on December 26, 2022.

5 **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** Mr. Mirelez is alleged to have violated his conditions of supervised release by consuming THC, on or about December 28, 2022.

On December 28, 2022, this officer received a telephone call from staff at Merit that Mr. Mirelez' UA had returned presumptive positive for THC. The UA sample was sent to the national testing lab for confirmation, and currently are waiting on the results from the lab.

On January 3, 2023, this officer spoke to Mr. Mirelez to verify the last time he consumed THC. Mr. Mirelez said the last time he consumed THC was on December 26, 2022.

The U.S. Probation Office respectfully recommends the Court to incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
